DRAMA

ACTING TECHNIQUES (FOR FUTURE SUPERSTARS)

Have you ever wanted to learn how to act? Have you ever wanted to try acting but lacked the confidence or even known where to begin? Do you take part in amateur productions but want to explore your craft further and develop your acting skills outside of the rehearsal room? Well this is the course for you! This course is designed for anyone who would like to develop their acting skills further. Beginning with the basic building blocks of character development this course will guide students through Stanislavski's systematic

approach to acting and examine key skills and techniques used by professional actors to create realistic characters for the stage, TV or film. You will have the opportunity to work individually and in small groups on various scenes from different plays and perform them in front of other like minded people. This course can be viewed as the perfect introduction to the world of acting for anyone who is thinking of entering amateur theatre or as an opportunity for amateur actors to hone and practice their craft outside of a demanding production schedule.
