

## What is the course about and what are the entry requirements?

This course forms part of the Level 2 academic pathway.

## What subjects will I study?

Biology is the study of living organisms (including plants and animals), and their interactions with each other and the environment. You will study a range of topics covering classification of organisms, cells, nutrition, transport of substances in animals and plants, reproduction, inheritance and ecosystems.

## How will I be assessed?

Three examinations at the end of the course:

- Multiple choice paper (45 mins) worth 30%
- Written exam paper (75 mins) worth 50%
- Alternative to practical exam (60 mins) worth 20%

## What are my progression and career options?

Successful completion with satisfactory attendance allows progression to Level 3 study, an apprenticeship or vocational courses. Alternatively, you could seek employment and explore UCM's part-time prospectus for a relevant qualification in your new career.

## Who should I contact?

If you would like more information or an informal chat about this course please contact the Programme Area Secretary on 648203 or email [applications@ucm.ac.im](mailto:applications@ucm.ac.im)
