

Thursday 4 July: Virtual work experience with The NHS

Working for the NHS offers diverse opportunities in both clinical and non-clinical roles. From doctors and nurses to administrative staff and researchers, it's a rewarding environment dedicated to improving people's health and wellbeing.

This virtual work experience is about recruitment, the process of finding and bringing in new people to work in an organisation. It's really important to choose the right people to join the team because the success and effectiveness of the organisation depend greatly on the skills, attitudes, and values of its employees.

What you'll get out of it:

-  Explore NHS careers to find career paths aligned with your personal interests and strengths.
-  Learn how having the right values is crucial for working in any role in the NHS.
-  Get hands-on experience at designing and marketing a person specification and job description.
-  Create interview questions and tasks to find the right candidate.
-  Gain insights into how recruitment works so you are better prepared when you apply for a job.

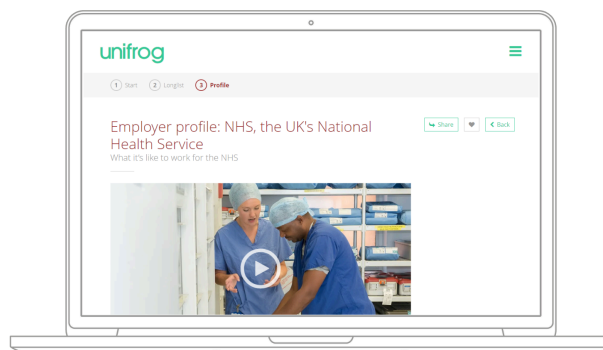

Who it's for:

Join us for this live virtual work experience if you want to find out about the diverse roles within the NHS, you want to learn more about HR and recruitment practices or you're looking for a rewarding career dedicated to positively impacting society.

Useful preparation:

Explore the [NHS's employer profile](#) for deeper insights into the organisation who will be delivering your virtual work experience.

Virtual work experience FAQs

What is the format of the day?

At 9am, the NHS will host a webinar to welcome you to the day and introduce the virtual work experience task they've designed for you.

After the webinar, you'll have time to complete and submit your virtual work experience task, giving you a real taste of the workplace.

At 2pm, the NHS will host a second webinar to round off the day.

How do I join the work experience day?

You'll complete this virtual work experience day through our [Courses tool](#). On Thursday 4 July, you'll be able to join the course, where you'll find the webinar links and workplace tasks.

The day before the event we'll send you an email reminder with the link to the Course.

In the webinars, will I need to appear on camera or talk on the mic?

No. You won't appear on camera or talk on the mic, but there might be an opportunity to ask questions through a typed Q&A.

What do I need to take part in the day?

You'll need computer and internet access to watch the webinars. You might do this individually (e.g. with a computer and headphones) or in a group setting (e.g. in a classroom with other students).

You'll also need computer and internet access to complete and submit your virtual work experience tasks.
